## WORK EXPERIENCE

**Borcelle Studio** 2025  
Software Engineering Intern

- Developed and maintained Java-based applications that improved data handling efficiency and streamlined operations for small businesses and academic projects.
- Collaborated on cross-functional teams to design, test, and deploy full-stack web solutions, enhancing user experience and functionality across platforms.

**GAMIFI** 2024  
Software Project Assistant, Junior Dev

- Researched user behavior and tech trends to support project planning, offering actionable insights for web and Java-based software improvements.
- Collaborated on UI/UX design and Java development tasks, ensuring functionality, performance, and consistency across key project components.

**NTCHIRE & Cie** 2022-2024  
Software Development Intern

- Contributed to software testing and feature rollout, improving project delivery efficiency by 25%.
- Optimized internal documentation and workflows, enhancing team collaboration and project tracking by 30%.
- Worked closely with developers and stakeholders to prepare user guides, demos, and presentations for clients.
